

More Options. Better Precision.

ARH Solutions 2 offers a total of 924 head and stem combinations—over **25% more** than **all five competitors' systems combined**

More heads, plus standard and long stems support a **broader range of patients**

Partial grit-blasted stems are designed to **promote proximal bony on-growth**

More than 50,000
Anatomic Radial Heads have
been sold since 2006
